

REQUEST FOR QUOTATION FOR GOODS AND SERVICES

PM

ONDERSTEPOORT BIOLOGICAL PRODUCTS LTD
PRIVATE BAG X7, ONDERSTEPOORT 0110

From: Supply Chain Department
Date: Dec 04 2024
Tel: 012 522 1500
Fax: N/A
Email: purchasing@obpvaccines.co.za

To:
Supplier:
Tel:
Fax:
Email:

Kindly provide the quotation for the following: RFQ/OBP466/2024/25

Compulsory Document Requirements	Yes/No
CSD Report (With a Tax Compliant status that is current)	
Declarations SBD4 (Completed, signed & submitted)	

Evaluation of Price and Preference

All Bids will be evaluated on a points system based on weighted average score for Price and Preference as per Preferential Procurement Framework Act of 2000 (Act 5 of 2000).

Preference Point allocation – 80/20

Price / Preference	Weighting percentage
Preference:	20%
Price:	80 %
Total must equal:	100%

OBP Onderstepoort Biological Products will award preference points as follows: Specific Goal	Points	Evidence required	Yes/No
Historically disadvantaged by unfair discrimination on the basis of Race	10	A valid BBBEE Certificate showing at least 51% black ownership	
Historically disadvantaged by unfair discrimination on the basis of Gender (women)	8	A valid BBBEE Certificate showing at least 30% women ownership	
Historically disadvantaged by unfair discrimination on the basis of disability	2	A doctor's note confirming disability, confirmation of disability from the Department of Labour, BEE certificate or equivalent confirmation.	
Total points	20		

NB: Please note that if any of the above requirements is not submitted with the quote it will be an immediate disqualification.

**TO APPOINT A SUPPLIER TO PROVIDE THE FOLLOWING ITEM/S OR SERVICE AS PER
SCOPE BELOW.**

Quantity	Product/Item Code	Specification
5000 Each	Inserts for 50 ML Clone 13	See attachments
5000 Each	50 ML Cartons for Clone 13	See attached specifications

Requirements from the supplier (To be used to select the contractor)

- Requirements from SCM department:
 - All Bidder must register their company on the NEW OBP's E-Procurement portal via the OBP official website.
 - All open opportunities will reflect on the portal.
 - Once Bidders Account confirmation is received with login credentials and approved by OBP supply chain.
 - Bidders can apply for bids.
 - All required documents and submissions must be uploaded.
 - Any additional queries please send an email to purchasing@obpvaccines.co.za (please include screen shots with your query to enable us to provide correct assistance.)

**Government Procurement: all quotations of goods and services
are subject to the General conditions of Contract July 2010**

SBD 4

BIDDER'S DISCLOSURE

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of this invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. Bidder's declaration

- 2.1 Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest¹ in the enterprise, employed by the state? **YES/NO**

¹ the power, by one person or a group of persons holding the majority of the equity of an enterprise, alternatively, the person/s having the deciding vote or power to influence or to direct the course and decisions of the enterprise.

- 2.1.1 If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of State institution

- 2.2 Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution? **YES/NO**

- 2.2.1 If so, furnish particulars:

.....

- 2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract?

YES/NO

- 2.3.1 If so, furnish particulars:

.....

3. DECLARATION

I, the undersigned, (name)..... in submitting the accompanying bid, do hereby make the following statements that I certify to be true and complete in every respect:

- 3.1 I have read, and I understand the contents of this disclosure.
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect.
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium² will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements, or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.

² Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

- 3.5 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 3.6 There have been no consultations, communications, agreements, or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.
- 3.7 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

I CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 1, 2 and 3 ABOVE IS CORRECT. I ACCEPT THAT THE STATE MAY REJECT THE BID OR ACT AGAINST ME IN TERMS OF PARAGRAPH 6 OF PFMA SCM INSTRUCTION 03 OF 2021/22 ON PREVENTING AND COMBATING ABUSE IN THE SUPPLY CHAIN MANAGEMENT SYSTEM SHOULD THIS DECLARATION PROVE TO BE FALSE.

.....	
Signature	Date

3. ARTWORK

 ONDERSTPOORT BIOLOGICAL PRODUCTS	For animal use only RVF CLONE 13 VACCINE FOR CATTLE, SHEEP AND GOATS Reg. No. G 3876 (Act 36/1947) Namibia: V10 /24.4/958
Freeze-dried, live attenuated Rift Valley Fever virus (Clone 13 strain) for the immunisation of cattle, sheep and goats against Rift Valley Fever. Store the vaccine at a temperature of 4°C to 8 °C, in a refrigerator. Do not use the vaccine after the expiry date printed on the bottle.	
2 -8	RECOMMENDATIONS FOR USE Rift Valley Fever is a mosquito-borne disease which occurs sporadically in South Africa especially during seasons of high rainfall. During outbreaks, the disease is prevalent in late summer to autumn (February - March). Animals should therefore be immunised in early summer to prevent infection. Young animals can be immunised with safety from 2 months of age, unless their mothers were vaccinated in which case they should be vaccinated at 6 months of age. The vaccine has been shown to be safe for use in pregnant animals. Vaccinate animals annually to ensure optimal immunity.
21	WARNINGS Do not slaughter animals for human consumption within 7 days of vaccination. Vaccinate healthy animals only. Keep out of reach of children, uninformed persons and animals. Safe for use in pregnant animals. Although this product has been extensively tested under a large variety of conditions, failure thereof may ensue as a result of a wide range of reasons. If this is suspected, seek veterinary advice and notify the registration holder.
DIRECTIONS FOR USE Use only as directed. Sterilise syringes and needles by boiling in water for at least 15 minutes. Do not use disinfectants or methylated spirits for sterilising either needles or syringes. The active ingredient of the vaccine is in the form of powder or pellet in a small bottle. By means of a sterile syringe, transfer 5 ml diluent to the bottle containing freeze-dried vaccine. Mix thoroughly until the powder is dissolved. Transfer the suspension back to the remaining diluent and again mix well. The vaccine is now ready for use and it must be injected without delay. Avoid exposure to high temperatures and direct sunlight during inoculation. Shake the bottle before filling the syringe. Use a separate needle for each animal, particularly during outbreaks of the disease. After re-suspension of the vaccine, animals should be vaccinated within 2 hours.	
DOSAGE: Cattle, Sheep and Goats: 1 ml subcutaneously	
EFFECTS OF THE VACCINE A slight febrile reaction may occur on the second to fourth day following inoculation but subsides rapidly. Most animals will be immune three weeks after vaccinations, although this cannot be guaranteed. Annual vaccination is recommended.	
50	PACKING Available in bottles of 100 doses.

Slegs vir dieregebruik

RVF CLONE 13
ENTSTOF VIR BEESTE, SKAPE EN BOKKE

Reg Nr. G 3876 (Wet 36/1947) Namibie: V10 /24.4/958

Lewende, verswakte Slenkdalkoorsvirus (Kloon 13 stam) in gevriesdroogde vorm vir die immunisering van beeste, skape en bokke teen Slenkdalkoors.

2

Bewaar die entstof by 'n temperatuur van 4 °C tot 8 °C, in 'n yskas. Moet nie die entstof na die vervaldatum wat op die bottel gedruk is gebruik nie.

AANBEVELINGS VIR GEBRUIK

Slenkdalkoors is 'n muskietoorgedraagde virussiekte wat sporadies in Suid-Afrika voorkom, veral tydens hoë reënval seisoene. Tydens uitbrake kom die siekte voor in laat somer tot herfs (Februarie-Maart). Diere moet dus vroeg in die somer geënt word om die siekte te voorkom. Jong diere kan met veiligheid vanaf 2 maande ouderdom geënt word, mits hul moeders nie geënt was nie in welke geval inenting op 6 maande ouderdom moet plaasvind. Die entstof is veilig vir gebruik in dragtige diere. Jaarlikse inenting word aanbeveel.

WAARSKUWINGS

21

Moet nie diere binne 7 dae na inenting vir menslike verbruik slag nie. Slegs gesonde diere moet ingeënt word. Hou buite die bereik van kinders, ongeligte persone en diere. Veilig vir gebruik in dragtige diere. Alhoewel hierdie produk breedvoerig onder 'n wye verskeidenheid van toestande getoets is, mag dit faal as gevolg van verskeie redes. Indien dit vermoed word, raadpleeg 'n veearts en verwittig die registrasiehouer.

GEBRUIKSAANWYSINGS

Gebruik slegs soos voorgeskryf.

Steriliseer spuite en naalde deur dit vir ten minste 15 minute in water te kook. Moet nie ontsmettingsmiddels of brandspiritus gebruik om spuite en naalde te steriliseer nie. Die aktiewe bestanddeel van die entstof is in die vorm van 'n poeier of klont in 'n klein botteltjie. Dra 5 ml verdunningsvloeistof met 'n steriele spuit oor na die botteltjie met gedroogde entstof en meng goed totdat die poeier opgelos is. Dra die opgeloste entstof terug na die oorgeblewe verdunningsvloeistof en meng weer goed. Die entstof is nou gereed vir gebruik en moet dadelik ingespuut word. Vermoed blootstelling aan hoë temperature en direkte sonlig gedurende inenting. Skud die bottel goed voor gebruik. Gebruik 'n afsonderlike naald vir elke dier, veral tydens Slenkdalkoors uitbrake. Nadat die entstof opgelos is moet diere binne 2 ure ingespuut word.

DOSIS:

Beeste, Skape en Bokke: 1 ml onderhuids

UITWERKING VAN DIE ENTSTOF

'n Ligte koorsreaksie wat gou verdwyn mag vanaf die tweede tot vierde dag na inenting voorkom en na drie weke behoort die diere ten volle beskerm te wees, alhoewel dit nie gewaarborg kan word nie. Jaarlikse enting word aanbeveel.

VERPAKKING

Beskikbaar in bottels van 100 dosisse.

1. SPECIFICATION DETAILS

	REQUIREMENTS	SPECIFICATIONS
1	Carton	
1.1	Carton material	SBS (Cellulose) Solid bleach sulphate (Virgin board.) (Cellulose & ground wood pulp or wastepaper)
1.2	Carton material of construction	320 – 340 g/m ²
1.3	Carton size	73 mm (L) x 46mm (W) (± 0,25 mm) x 76.5 mm (H) (± 0,25 mm), (Inner dimensions). (See drawing for full details of carton size)
1.4	Board colour	Both sides of the board must be white.
1.5	Direction of Grain	Direction of grain to be horizontal. (As per drawing)
1.6	All Carton flaps	Pre-cut is added on creasing line as per drawing. (See drawing)
1.7	Carton stiffness	171TB 28 mNm longitudinal 67 TB 11 mNm cross
1.8	Varnish used	Matt finish
1.9	Adhesive used	26 AE or Equivalent.
1.10	Pre-breaking crease line	Pre-break carton at 140 to 180 degree and flatten again prior to making the longitudinal gluing seams.
1.11	Bar coding	Product bar code to be affixed on the top and bottom of the tucked flaps. The tucked flaps must be unpainted and unprinted. (See drawing).
1.12	Bar code	
1.13	Top of the tucking flap	To be perforated for gluing and must be unprinted and unpainted. (See drawing).
1.14	Bottom side flaps	To be perforated for gluing and must be unprinted and unpainted. (See drawing).
2	Printing	
2.1	Pantone colours to comply to design specifications for each product	Pantone 583 C, 5405 C; 7544 C, 468 C.
2.2	Namibian Registration number	V10/24.4/958
2.3	Supplier identification	The supplier company identification must be indicated on the Display Carton.
